

## Features Summary

**CONFIGURATION:** Dry-back LVT

**INSTALLATION:** Glue-down

### INNOVATIVE DESIGN

- Advanced ceramic bead finish ensures brilliant color and pattern definition, superior scratch and scuff resistance, and a “like new” look that lasts
- Optional 4-sided micro-bevel
- Inverse edge profile allows for some expansion while minimizing pressure points
- High contact backing ensures excellent bond with adhesive

### SUPERIOR PERFORMANCE

- UV-urethane ceramic bead finish provides high scratch and stain resistance
- 100% waterproof
- Easy care and maintenance

### SUSTAINABLE

- FloorScore certified
- 100% virgin vinyl
- Recyclable

### CUSTOM CONFIGURATION OPTIONS

- Available in a variety of shapes and styles
- Customizable to fit exact project design specifications -- high-definition wood, tile, and stone visuals
